“Hello there! Thanks for your interest in finding out about our fantastic franchise opportunity!”

What is Nail Call?

Nail Call is Australia's leading high quality and stylish all-mobile nail salon. Catering to women of all age groups, Nail Call provides the best pampering service, using the best products available – Australian brands and animal friendly where possible. We know every girl likes to feel cherished and Nail Call is the inexpensive way to help our clients put their best foot forward every day without having to leave home, workplace, or a party gathering.

Market Opportunity

The waxing and nail industry in Australia is a \$1.3b business growing at around 1% pa, it consists of primarily fixed location salons and accounts for over 8700 businesses employing in excess of 21,000 people. 97% of customers and employees are female and that's who we're targeting to join us in this exciting business opportunity.

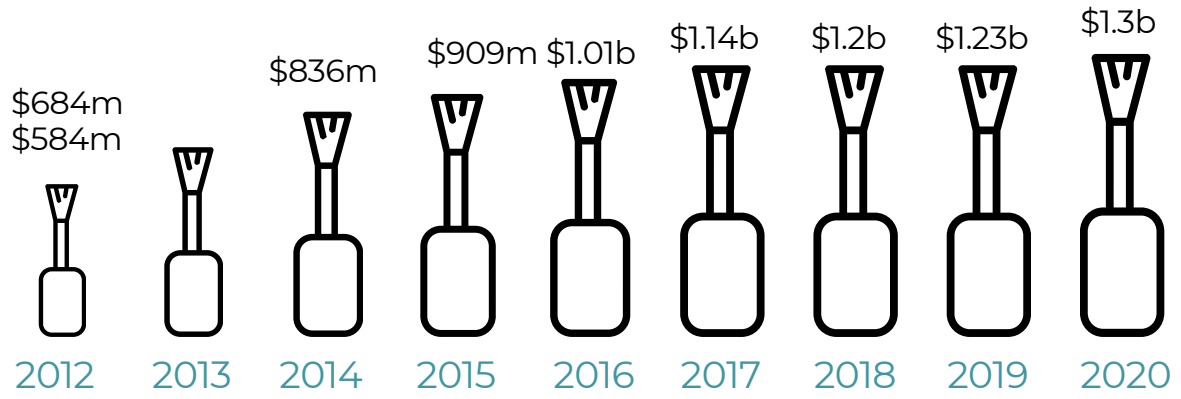

Franchising enables inexperienced people the opportunity to leverage an established business model and brand and makes the entry into business significantly more achievable at 50% less risk than independent businesses.

The Australian nail industry consists primarily of fixed locations and requires significantly more capital than a mobile business, like Nail Call, so the entry point an ability to enter business ownership and contribution to the economy is significantly greater with a mobile service like Nail Call.

In the USA mobile nail technicians represent 8% of all nail technician businesses whilst the Australian market has no record or statistics relating to this type of mobile service. With the increasing demands on leisure time and convenience and the ability to provide a pampering service like Nail call to people that are house bound including the elderly has huge appeal. Enabling a business to service clientele in their own environment will significantly increase the size of the market.

Our Story

Have you heard “Life is too short for bad nails”? Nail Call believes every woman deserves to feel her best every day. This mantra inspired Nail Call founder Heidi Powrie to build an accessible network of mobile nail salons to share the joy of beautiful nails with all women, everywhere. Offering a unique experience in the ever-growing Nail art market- we come to the client and offer them a pampering session in their chosen location. From our beginnings in the Newcastle-hunter region of NSW, we have heard the ‘call’ from women all over Australia for our unique, Five-Star services. Staying true to our mantra that started it all, we continue to bring that special touch to all those seeking high quality nail art at affordable prices.

The Nail salon industry is unregulated by government but there is growing pressure around health and hygiene due to recent infections caused by untrained nail technicians, so the industry has a negative stigma attached to it. Our objective is to strengthen the sector and champion our profession by providing the highest quality training and standards and providing an opportunity for female entrepreneurs to start a business with a proven business model.

Our dedicated team will help you find the right fit that matches your investment capacity and lifestyle. Nail Call has a low point of entry and simple operation which makes it an incredibly competitive franchise opportunity!
